

North Tyne and Redesdale Community Partnership Rural Isolation Survey

The Partnership is currently carrying out a survey of rural isolation in the outlying areas of the partnership. We hope to build up a detailed picture of rural isolation that will assist the Partnership and the Parish Councils in campaigning for better facilities for residents. As part of this work it would be most helpful if you would take a few minutes to complete this form. It will be collected from you in the next few days, or post it back in the envelope provided. More copies of the survey are available on line. www.ntandrcp.org.uk Thank you very much in advance for your help with this survey.
